SUMMARY

I'm a .NET Developer with experience in software development. I am currently aspiring to be a full-time Full-Stack Developer. I'm highly motivated and value perseverance, teamwork, and dedication. I am skilled in Agile methodologies and best practices in software development, focusing on scalable and secure solutions.

EXPERIENCE

•Xcellence-IT

Oct 2024 - Present

.NET Developer

Surat

- Karavan (Client Project): Delivered scalable, secure features for a production e-commerce platform, improving seller onboarding, platform reliability, and business operations.
- Recognized for reliable delivery and ownership, leading to selection as a dedicated development resource for the client.

•Xcellence-IT

Aug 2023 - Oct 2024

Junior .NET Developer

Surat

- Delivered Payment Integration solutions using RazorPay and Cybersource, leveraging MVC concepts in ASP.NET Core and SQL.
- Developed custom plugins, including a Pagebuilder using GrapesJs, showcasing extensive expertise in NopCommerce.
- Provided client support, resolving complex bugs efficiently, emphasizing collaboration and communication skills.

•Xcellence-IT

Dec 2022 - Aug 2023

Intern .NET Developer

Surat

- Acquired significant expertise in NopCommerce's architecture, specializing in constructing multiple plugins like GSTPlugin, MostViewed Product, and SliderPlugin.
- Delved into ViewComponents, ActionFilter, and gained a deep understanding of MVC, focusing on clean code and optimization.

KEY PROJECTS

•Karavan (E-commerce Platform)

Oct 2024 - Present

Developed using ASP.NET 8.0

- Built seller storefronts using wildcard subdomains, enabling independent seller branding.
- Implemented real-time chat and notifications with SignalR.
- Integrated Amazon S3, ShuftiPro verification, and payment gateways.

•Netflix Clone

Currently working

Developed using MERN

- Tools & technologies used: MongoDB, ExpressJS, ReactJS, NodeJS
- Developing a Netflix clone with functionalities including user authentication, content categorization, recommendation algorithms, and video streaming capabilities, highlighting skills in microservices and RESTful API development.)

EDUCATION

•Chandaben Mohanbai Patel Institute of Computer Applications, Anand

2021-2023

Master of Computer Application

CGPA: 6.51

•Parul Institute of Computer Application, Vadodara
